PROXY STATEMENT

You are cordially invited to attend our annual meeting on Monday, August 14, 2015, beginning at 9:00 a.m., Mountain Standard Time. The annual meeting will be held at our Chandler facility located at 2355 W. Chandler Blvd., Chandler, AZ 85224-6199.

We are providing these proxy materials in connection with the solicitation by the Board of Directors (the "Board") of Microchip Technology Incorporated ("Microchip") of proxies to be voted at Microchip's 2015 annual meeting of stockholders and at any adjournment(s) thereof.

Our fiscal year begins on April 1 and ends on March 31. References in this proxy statement to fiscal 2016 refer to the 12-month period from April 1, 2015 through March 31, 2016; references to fiscal 2015 refer to the 12-month period from April 1, 2014 through March 31, 2015; and references to fiscal 2014 refer to the 12-month period from April 1, 2013 through March 31, 2014.

We anticipate first mailing this proxy statement and accompanying form of proxy on July 10, 2015 to holders of record of Microchip's common stock on June 18, 2015 (the "Record Date").

PROXIES AND VOTING PROCEDURES

YOUR VOTE IS IMPORTANT. Because many stockholders cannot attend the annual meeting in person, it is necessary that a large number of stockholders be represented by proxy. Stockholders may have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Under Delaware law, stockholders may submit proxies electronically. Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote if these options are available to you) or by voting by ballot at the annual meeting.

The method by which you vote will in no way limit your right to vote at the annual meeting if you later decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record, to be able to vote at the annual meeting.

All shares entitled to vote and represented by properly completed proxies received prior to the annual meeting and not revoked will be voted at the annual meeting in accordance with the instructions on such proxies. **IF YOU DO NOT INDICATE HOW YOUR SHARES SHOULD BE VOTED ON A MATTER, THE SHARES REPRESENTED BY YOUR PROPERLY COMPLETED PROXY WILL BE VOTED AS OUR BOARD OF DIRECTORS RECOMMENDS.**

If any other matters are properly presented at the annual meeting for consideration, including, among other things, consideration of a motion to adjourn the annual meeting to another time or place, the persons named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. At the date this proxy statement went to press, we did not anticipate that any other matters would be raised at the annual meeting.

Stockholders Entitled to Vote

Stockholders of record at the close of business on the Record Date, June 18, 2015, are entitled to notice of and to vote at the annual meeting. Each share is entitled to one vote on each of the five director nominees and one vote on each other matter properly brought before the annual meeting. On the Record Date, there were 202,406,560 shares of our common stock issued and outstanding.

In accordance with Delaware law, a list of stockholders entitled to vote at the annual meeting will be available at the annual meeting on August 14, 2015, and for 10 days prior to the annual meeting at 2355 West Chandler Boulevard, Chandler, Arizona, between the hours of 9:00 a.m. and 4:30 p.m., Mountain Standard Time.

Required Vote

Quorum, Abstentions and Broker Non-Votes

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote at the annual meeting is necessary to constitute a quorum at the annual meeting. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker "non-vote" occurs when a nominee holding shares for a beneficial owner (i.e., in "street name") does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Under the rules of the New York Stock Exchange (NYSE), which apply to NYSE member brokers trading in non-NYSE stock, brokers have discretionary authority to vote shares on certain routine matters if customer instructions are not provided. Proposal Three to be considered at the annual meeting may be treated as a routine matter. Consequently, if you do not return a proxy card, your broker may have discretion to vote your shares on such matter.

Election of Directors (Proposal One)

A nominee for director shall be elected to the board of directors if the votes cast for such nominee's election exceed the votes cast against such nominee's election. For this purpose, votes cast shall exclude abstentions, withheld votes or broker non-votes with respect to that director's election. Notwithstanding the immediately preceding sentence, in the event of a contested election of directors, directors shall be elected by the vote of a plurality of the votes cast. A contested election shall mean any election of directors in which the number of candidates for election as director exceeds the number of directors to be elected. If directors are to be elected by a plurality of the votes cast, stockholders shall not be permitted to vote against a nominee.

Approval of Issuance of Shares of Our Common Stock Upon Conversion of Our Senior Convertible Indebtedness (Proposal Two)

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to approve the issuance of shares of our common stock upon conversion of our senior convertible debentures. Abstentions will have the same effect as voting against this proposal. Broker "non-votes" are not counted for purposes of approving this matter, and thus will not affect the outcome of the voting on such proposal.

Ratification of Independent Registered Public Accounting Firm (Proposal Three)

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required for ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of Microchip for the fiscal year ending March 31, 2016. Abstentions will have

the same effect as voting against this proposal. Broker "non-votes" are not counted for purposes of approving this matter, and thus will not affect the outcome of the voting on such proposal.

Advisory Vote Regarding the Compensation of our Named Executives (Proposal Four)

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the rules of the Securities and Exchange Commission (the "SEC"). Abstentions will have the same effect as voting against this proposal. Broker "non-votes" are not counted for purposes of approving this matter, and thus will not affect the outcome of the voting on such proposal.

Electronic Access to Proxy Statement and Annual Report

This proxy statement and our fiscal 2015 Annual Report are available at www.microchip.com/annual_reports.

We will post our future proxy statements and annual reports on Form 10-K on our website as soon as reasonably practicable after they are electronically filed with the SEC. All such filings on our website are available free of charge. The information on our website is **not** incorporated into this proxy statement. Our Internet address is www.microchip.com.

Cost of Proxy Solicitation

Microchip will pay its costs of soliciting proxies including the cost of any proxy solicitor if a proxy solicitor is engaged. Proxies may be solicited on behalf of Microchip by its directors, officers or employees in person or by telephone, facsimile or other electronic means. We may also reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of Microchip common stock.

THE BOARD OF DIRECTORS

Meetings of the Board of Directors

Our Board of Directors has consisted of five members since our annual meeting of stockholders held on August 25, 2014. Prior to our 2014 annual meeting, our Board had six members. Our Board of Directors met nine times in fiscal 2015. Each director, other than former director Albert Hugo-Martinez, attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during fiscal 2015 during such time as such person was a director and (ii) the total number of meetings held by all committees of the Board of Directors on which he or she served during fiscal 2015 during such time as such person was a director. The Board of Directors has a practice of meeting in executive session on a periodic basis without management or management directors (i.e., Mr. Sanghi) present. The Board of Directors has determined that each of Mr. Chapman, Mr. Day, Ms. Johnson and Mr. Meyercord is an independent director as defined by applicable SEC rules and NASDAQ listing standards.

Board Leadership Structure

The Board of Directors believes that Microchip's Chief Executive Officer, Steve Sanghi, is best situated to serve as Chairman because he is the director most familiar with Microchip's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. The Board's independent directors have different perspectives and roles in strategic development. In particular, Microchip's independent directors bring experience, oversight and expertise from outside the company and the industry, while the Chief Executive Officer brings company-specific experience and industry expertise. The Board of Directors believes that the combined role of Chairman and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and the Board of Directors, which are essential to effective governance. Microchip does not have a lead independent director.

The Board of Directors and the Board committees oversee risk management in a number of ways. The Audit Committee oversees the management of financial and accounting related risks as an integral part of its duties. Similarly, the Compensation Committee considers risk management when setting the compensation policies and programs for Microchip's executive officers. The Board of Directors and the Audit Committee regularly receive reports on various risk-related items including risks related to manufacturing operations, intellectual property, taxes, products and employees. The Board and the Audit Committee also receive periodic reports on Microchip's efforts to manage such risks through safety measures, insurance or self-insurance. The Board of Directors believes that the leadership structure described above facilitates the Board's oversight of risk management because it allows the Board, working through its committees, to participate actively in the oversight of management's actions.

Communications from Stockholders

Stockholders may communicate with the Board of Directors or individual members of the Board of Directors, provided that all such communication is submitted in writing to the attention of the Secretary at Microchip Technology Incorporated, 2355 West Chandler Boulevard, Chandler, Arizona 85224-6199, who will then forward such communication to the appropriate director or directors.

Committees of the Board of Directors

The following table lists our three Board committees, the directors who served on them and the number of committee meetings held in fiscal 2015:

Mr. Day	1*	1	C
Ms. Johnson	1**		1**
Mr. Meyercord	1	C	1
Mr. Sanghi

C = Chair

1 = Member

* = Served on such committee until August 25, 2014

** = Served on such committee beginning August 25, 2014

Audit Committee

The responsibilities of our Audit Committee are to appoint, compensate, retain and oversee Microchip's independent registered public accounting firm, oversee the accounting and financial reporting processes of Microchip and audits of its financial statements, and provide the Board of Directors with the results of such monitoring. These responsibilities are further described in the committee charter which was amended and restated as of May 15, 2015. A copy of the Audit Committee charter is available at the About Us/Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

Our Board of Directors has determined that all members of the Audit Committee are independent directors as defined by applicable SEC rules and NASDAQ listing standards. The Board of Directors has also determined that each of Mr. Chapman, Mr. Day and Mr. Meyercord meet the requirements for being an "audit committee financial expert" as defined by applicable SEC rules.

In fiscal 2005, our Board and our Audit Committee adopted a policy with respect to (i) the receipt, retention and treatment of complaints received by us regarding questionable accounting, internal accounting controls or auditing matters; (ii) the confidential, anonymous submission by our employees of concerns regarding questionable accounting, internal accounting controls or auditing matters; and (iii) the prohibition of harassment, discrimination or retaliation arising from submitting concerns regarding questionable accounting, internal accounting controls or auditing matters or participating in an investigation regarding questionable accounting, internal accounting controls or auditing matters. In fiscal 2012, our Board and our Audit Committee approved an amended policy to include matters regarding violations of federal or state securities laws, or the commission of bribery. This policy, called "*Reporting Legal Non-Compliance*," was created in accordance with applicable SEC rules and NASDAQ listing requirements. A copy of this policy is available at the About Us/Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

Compensation Committee

Our Compensation Committee has oversight responsibility for the compensation and benefit programs for our executive officers and other employees, and for administering our equity incentive and employee stock purchase plans adopted by our Board of Directors. The responsibilities of our Compensation Committee are further described in the committee charter which was amended and restated as of May 15, 2015. The committee charter is available at the About Us/Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

The Board of Directors has determined that all members of our Compensation Committee are independent directors as defined by applicable SEC rules, NASDAQ listing standards and other requirements. For more information on our Compensation Committee, please refer to the "*Compensation Discussion and Analysis*" at page 20.

Nominating and Governance Committee

Our Nominating and Governance Committee has the responsibility to help ensure that our Board is properly constituted to meet its fiduciary obligations to our stockholders and Microchip and that we have and follow appropriate governance standards. In so doing, the Nominating and Governance Committee identifies and recommends director candidates, develops and recommends governance principles, and recommends director nominees to serve on committees of the Board of Directors. The responsibilities of our Nominating and Governance Committee are further described in the committee charter, as amended and restated as of May 19, 2014, which is available at the About Us/Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com. The Board of Directors has determined that all members of the Nominating and Governance Committee are independent directors as defined by applicable SEC rules and NASDAQ listing standards.

When considering a candidate for a director position, the Nominating and Governance Committee looks for demonstrated character, judgment, relevant business, functional and industry experience, and a high degree of skill. The Nominating and Governance Committee believes it is important that the members of the Board of Directors represent diverse viewpoints. Accordingly, the Nominating and Governance Committee considers issues of diversity in identifying and evaluating director nominees, including differences in education, professional experience, viewpoints, technical skills, individual expertise, ethnicity and gender. The Nominating and Governance Committee evaluates director nominees recommended by a stockholder in the same manner as it would any other nominee. The Nominating and Governance Committee will consider nominees recommended by stockholders provided such recommendations are made in accordance with procedures described in this proxy statement under "*Requirements, Including Deadlines, for Receipt of Stockholder Proposals for the 2016 Annual Meeting of Stockholders; Discretionary Authority to Vote on Stockholder Proposals*" at page 41. We do not pay any third party to identify or assist in identifying or evaluating potential nominees for director.

Attendance at the Annual Meeting of Stockholders

All directors are encouraged, but not required, to attend our annual meeting of stockholders. All directors attended our fiscal 2014 annual meeting of stockholders on August 25, 2014.

REPORT OF THE AUDIT COMMITTEE ^(*)

Our Board of Directors has adopted a written charter setting out the purposes and responsibilities of the Audit Committee. The Board of Directors and the Audit Committee review and assess the adequacy of the charter on an annual basis. A copy of the Audit Committee Charter is available at the About Us/Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

Each of the directors who serves on the Audit Committee meets the independence and experience requirements of the SEC rules and NASDAQ listing standards. This means that the Microchip Board of Directors has determined that no member of the Audit Committee has a relationship with Microchip that may interfere with such member's independence from Microchip and its management, and that all members have the required knowledge and experience to perform their duties as committee members.

We have received from Ernst & Young LLP the written disclosure and the letter required by Rule 3526 of the Public Company Accounting Oversight Board (*Communication with Audit Committees Concerning Independence*) and have discussed with Ernst & Young LLP their independence from Microchip. We also discussed with Ernst & Young LLP all matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) standards. We have considered whether and determined that the provision of the non-audit services rendered to us by Ernst & Young LLP during fiscal 2015 was compatible with maintaining the independence of Ernst & Young LLP.

We have reviewed and discussed with management the audited annual financial statements included in Microchip's Annual Report on Form 10-K for the fiscal year ended March 31, 2015 and filed with the SEC, as well as the unaudited financial statements filed with Microchip's quarterly reports on Form 10-Q. We also met with both management and Ernst & Young LLP to discuss those financial statements.

Based on these reviews and discussions, we recommended to the Board of Directors that Microchip's audited financial statements be included in Microchip's Annual Report on Form 10-K for the fiscal year ended March 31, 2015 for filing with the SEC.

By the Audit Committee of the Board of Directors:

Matthew W. Chapman (Chairman)

Esther L. Johnson

Wade F. Meyercord

(*) The Report of the Audit Committee is not "soliciting" material and is not deemed "filed" with the SEC, and is not incorporated by reference into any filings of Microchip under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language contained in such filings.

Director Compensation

Procedures Regarding Director Compensation

The Board of Directors sets non-employee director compensation. Microchip does not pay employee directors for services provided as a member of the Board of Directors. Our program of cash and equity compensation for non-employee directors is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of Microchip's size and scope; compensation should align directors' interests with the long-term interests of stockholders; compensation should be competitive so as to attract and retain qualified non-employee directors; and the structure of the compensation should be simple, transparent and easy for stockholders to understand. Non-employee director compensation is typically reviewed once per year to assess whether any adjustment is needed to further such goals. The Board of Directors has not used outside consultants in setting non-employee director compensation.

Director Fees

Effective May 10, 2011, through August 24, 2014, non-employee directors received an annual retainer of \$63,000, paid in quarterly installments, and \$3,000 for each meeting attended in person. Effective August 25, 2014, non-employee directors receive an annual retainer of \$65,000, paid in quarterly installments, and \$3,000 for each meeting attended in person. Directors do not receive any additional compensation for telephonic meetings of the Board of Directors, for meetings of committees of the Board, or for serving as a committee chair.

Equity Compensation

Under the terms of our 2004 Equity Incentive Plan, each non-employee director is automatically granted:

- upon the date that the individual is first appointed or elected to the Board of Directors as a non-employee director, that number of restricted stock units ("RSUs") equal to \$160,000 (based on the fair market value of our common stock on the grant date) which shall vest in equal 25% annual installments on each of the four anniversaries of the tenth business day of the second month of our fiscal quarter in which the grant is made; and
- upon the date of our annual meeting, provided that the individual has served as a non-employee director for at least three months on that date and has been elected by the stockholders to serve as a member of the Board of Directors at that annual meeting, that number of RSUs equal to \$84,000 (based on the fair market value of our

common stock on the grant date) which shall vest in equal 50% annual installments on each of the two anniversaries of the tenth business day of the second month of our fiscal quarter in which the grant is made.

All vesting of the above grants is contingent upon the non-employee director maintaining his or her continued status as a non-employee director through the applicable vesting date.

In accordance with the foregoing, on August 25, 2014, each of Mr. Chapman, Mr. Day, Ms. Johnson and Mr. Meyercord was granted 1,760 RSUs.

The following table details the total compensation for Microchip's non-employee directors for fiscal 2015:

DIRECTOR COMPENSATION

Name	Fees Earned or Paid in Cash	Stock Awards ⁽¹⁾	Option Awards	Non-Equity Incentive Plan Compensation	All Other Compensation	Total
Steve Sanghi ⁽²⁾	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —
Matthew W. Chapman	76,201	79,094	—	—	—	155,295
L.B. Day	76,201	79,094	—	—	—	155,295
Esther L. Johnson	76,201	79,094	—	—	—	155,295
Wade F. Meyercord	76,201	79,094	—	—	—	155,295

⁽¹⁾ These stock awards were RSUs with a fair value on the grant date of \$44.94 per share. The market value on the grant date was \$47.71 per share with an aggregate market value of the award of approximately \$84,000 for the August 25, 2014 grants to each director.

⁽²⁾ Mr. Sanghi, our Chairman of the Board, President and Chief Executive Officer, does not receive any additional compensation for his service as a member of the Board of Directors.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently comprised of Mr. Meyercord (Chair) and Mr. Day. Each such person is an independent director. Neither Mr. Day nor Mr. Meyercord had any related-party transaction with Microchip during fiscal 2015 other than compensation for service as a director. In addition, neither of such directors has a relationship that would constitute a compensation committee interlock under applicable SEC rules. During fiscal 2015, no Microchip executive officer served on the compensation committee (or equivalent) or the board of directors of another entity whose executive officer(s) served either on Microchip's Compensation Committee or Board of Directors.

CERTAIN TRANSACTIONS

During fiscal 2015, Microchip had no related-party transactions within the meaning of applicable SEC rules.

Pursuant to its charter, the Audit Committee reviews issues involving potential conflicts of interest and reviews and approves all related-party transactions as contemplated by NASDAQ and SEC rules and regulations. The Audit Committee may consult with the Board of Directors regarding certain conflict of interest matters that do not involve a member of the Board.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) and related rules under the Securities Exchange Act of 1934 require our directors, executive officers and stockholders holding more than 10% of our common stock to file reports of holdings and transactions in Microchip stock with the SEC and to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms received by us during fiscal 2015, and written representations from our directors and executive officers that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our directors, executive officers and stockholders holding more than 10% of our common stock were met for fiscal 2015.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Board currently consists of five directors: Steve Sanghi, Matthew W. Chapman, L.B. Day, Esther L. Johnson and Wade F. Meyercord. Unless proxy cards are otherwise marked, the persons named in the proxy card will vote such proxy for the election of the nominees named below. Each of the nominees is currently serving as a director and has agreed to continue serving if re-elected. If any of the nominees becomes unable or declines to serve as a director at the time of the annual meeting, the persons named in the proxy card will vote such proxy for any nominee designated by the current Board of Directors to fill the vacancy. We do not expect that any of the nominees will be unable or will decline to serve as a director.

Our Board of Directors has determined that each of the following nominees for director is an independent director as defined by applicable SEC rules and NASDAQ listing standards: Mr. Chapman, Mr. Day, Ms. Johnson and Mr. Meyercord.

The term of office of each person who is elected as a director at the annual meeting will continue until the 2016 annual meeting of stockholders and until a successor has been elected and qualified.

Vote Required; Board Recommendation

A nominee for director in an uncontested election shall be elected to the Board of Directors if the votes cast for such nominee's election exceed the votes cast against such nominee's election (with votes cast excluding abstentions, withheld notes or broker non-votes).

The Board of Directors recommends that stockholders vote FOR the nominees listed below.

Information on Nominees for Director (as of June 30, 2015)

Name	Age	Position(s) Held
Steve Sanghi	59	Chairman, President and CEO
Matthew W. Chapman	64	Director
L.B. Day	70	Director
Esther L. Johnson	63	Director
Wade F. Meyercord	74	Director

Steve Sanghi is currently, and has been since August 1990, a director and President of Microchip Technology Incorporated. Since October 1991, he has served as CEO of Microchip and since October 1993, as Chairman of the Board of Directors of Microchip. From May 2004 through March 2014, when Xyratex Ltd. was acquired by Seagate Technology plc., he was a member of the Board of Directors of Xyratex Ltd., a publicly held U.K. company that specializes in storage and network technology. In May 2007, Mr. Sanghi was appointed to the Board of Directors of FIRST Organization, a not-for-profit public charity founded in 1989 to develop young people's interest in science and technology. From October 2013 through July 2014 when Hittite Microwave Corporation, a publicly held semiconductor company, was acquired, Mr. Sanghi was a member of the Board of Directors of Hittite Microwave Corporation.

The Board of Directors concluded that Mr. Sanghi should be nominated to serve as a director since he has served as CEO of Microchip for over 20 years and has provided very strong leadership to Microchip over this period. In particular, through his consulting practice, Mr. Day has been a key strategic advisor to a number of large public corporations. The Board of Directors also recognizes Mr. Day's experience in financial matters. The Board of Directors believes that Mr. Day's background makes him well suited to serve on the Board of Directors' nominating and governance committee and compensation committee.

Esther L. Johnson has served as a director of Microchip since October 2013. Prior to her position as Vice President and General Manager, since 1983, Ms. Johnson held a variety of other management positions with Carrier Electronics, including Director of Operations and Global Supply Chain Manager. The Board of Directors also recognizes his experience in financial matters and that his background establishes him as an audit committee financial expert under applicable rules.

PROPOSAL TWO

APPROVAL OF THE ISSUANCE OF SHARES OF OUR COMMON STOCK UPON CONVERSION OF OUR SENIOR SUBORDINATED CONVERTIBLE DEBENTURES AS REQUIRED BY THE NASDAQ LISTING RULES

Background of Proposal

In February 2015, we issued \$1.725 billion aggregate principal amount of our 1.625% Senior Subordinated Convertible Debentures that are due in February 2025 (the "Debentures"). The Debentures when issued were convertible, subject to certain conditions, into shares of Microchip common stock ("Common Stock") or cash or any combination thereof, at our election, at an initial base conversion rate of 14.5654 shares of Common Stock per \$1,000 principal amount of Debentures (the "Conversion Rate") representing an initial base conversion price of approximately \$68.66 per share of Common Stock, subsequent to an increase in the Conversion Rate upon the occurrence of certain events specified in Description of Debentures below. The Conversion Rate is subject to adjustment for specified events set forth in the indenture for the Debentures, including if we make a cash dividend to the holders of our Common Stock. As a result of cash dividends paid since we issued the Debentures in February 2015, the Conversion Rate has been adjusted from 14.5654 shares on the date of issuance of the Debentures to 14.6687 shares of Common Stock per \$1,000 principal amount of Debentures, representing a base conversion price of approximately \$66.17 per share of Common Stock on an adjusted basis. At such adjusted Conversion Rate, the Debentures are convertible into a total of approximately 25.3 million shares of our Common Stock which represents approximately 12.6% of our total outstanding shares at the time of the issuance of our convertible Debentures in February 2015.

Since we currently intend to continue to pay quarterly cash dividends on our Common Stock, the Conversion Rate will continue to increase and the total number of shares of Common Stock issuable upon conversion of the Debentures will also increase. Under the rules of the Nasdaq Global Select Market, on which our Common Stock is listed, we are required to obtain stockholder approval for certain types of transactions before we can issue 20% or more of our outstanding shares of Common Stock measured at the time of the transaction (the "Nasdaq Limit"). Since we expect to exceed this 20% Nasdaq Limit with respect to our Debentures in the future as the Conversion Rate is adjusted for future cash dividends, we are seeking stockholder approval at this time.

Reasons for Seeking Stockholder Approval

Comply with Nasdaq Listing Rules. Under the terms of the Debentures, upon conversion, we may satisfy the conversion obligation by delivering cash, shares of Common Stock or any combination thereof, at our election. However, unless we obtain stockholder approval, the Nasdaq Limit reduces our flexibility because it eliminates our ability to issue shares of Common Stock upon conversion of the Debentures in excess of the Nasdaq Limit. If we do not obtain stockholder approval, under the terms of the Debentures, we would be required to make a cash payment (instead of issuing shares) to the extent the conversion would result in the issuance of shares in excess of the Nasdaq Limit. This requirement to pay cash could require us to use capital that we would prefer to retain for use in our business. However, if we obtain stockholder approval of the issuance of the excess shares, we could continue to choose whether to issue shares or pay cash upon the conversion of the Debentures above the Nasdaq Limit.

Maintain Accounting Treatment. Stockholder approval is required for us to maintain our current accounting treatment for the Debentures. Since we have the ability at the current Conversion Rate to issue shares of Common Stock in full satisfaction of the conversion rights under the Debentures, we are not required under U.S. generally accepted accounting principles ("GAAP") to record the conversion feature of the Debentures as a derivative instrument. However, if we do not obtain stockholder approval, we will be required to record as a derivative liability the conversion feature of any of the Debentures for which we cannot settle the conversion entirely in shares of Common Stock (i.e., any shares in excess of the Nasdaq Limit). Under GAAP, we would be required to separately value this derivative at the end of each financial statement reporting period. Any changes in the value of the derivative would have to be reported in our earnings. In general, if our stock

price increases, the value of the derivative would increase and if our stock price decreases, the value of the derivative will decline. If the value of the derivative has increased compared to the value last recorded in our financial statements, the amount of the change will have the effect of reducing our net income. If the value of the derivative has decreased, the amount of the change will have the effect of increasing our net income. We desire to maintain our current accounting treatment for our Debentures. We believe it is much less desirable for us to have to use "mark to market" accounting and to reflect a derivative on our balance sheet as such actions would likely result in increased volatility in our earnings and would make it more difficult to compare our earnings to other companies in our industry and to our prior earnings results.

Maintain Flexibility. Under the terms of the Debentures, upon conversion of the Debentures, we may satisfy the conversion obligation by delivering cash, shares of Common Stock or any combination thereof, at our election. If we do not obtain stockholder approval, we will be prohibited from issuing shares of Common Stock in excess of the Nasdaq Limit. Thus, we will have reduced flexibility with respect to how we satisfy the conversion obligation under the Debentures.

Description of Debentures

General. The Debentures are governed by an Indenture, dated as of February 11, 2015 (the "Indenture"), between Microchip and Wells Fargo Bank, National Association, as trustee, and bear interest at a rate of 1.625% per year. The Debentures will mature on February 15, 2025, unless earlier redeemed, repurchased or converted.

Conversion Rights. The Debentures are convertible into shares of Common Stock or cash or a combination of Common Stock and cash at a current Conversion Rate of 14.6687 shares of Common Stock per \$1,000 principal amount of Debentures. The Conversion Rate is subject to adjustment for specified events set forth in the Indenture, including if we make a cash dividend or other distribution to the holders of our Common Stock.

If, during the relevant observation period for determining amounts due upon conversion, the daily volume weighted average price of our Common Stock exceeds the base conversion price on any given trading day, the conversion rate for such trading day will be determined by a formula resulting in the conversion rate for such day being increased, up to an additional 7.3343 shares (originally 7.2827 shares on the date of issuance but subsequently adjusted as a result of the cash dividends paid) of Common Stock per \$1,000 principal amount of Debentures, as determined pursuant to a specified formula set forth in the Indenture. However, in no event will the conversion rate exceed 20.5361 (originally 20.3915 but subsequently adjusted to 20.5361 as a result of cash dividends paid since the issuance of the Debentures) shares of Common Stock per \$1,000 principal amount of Debentures. At such maximum adjusted Conversion Rate, the Debentures would be convertible into a total of approximately 35.2 million shares of our Common Stock which represents approximately 17.5% of our total outstanding shares at the time of the issuance of our convertible Debentures in February 2015.

In addition, upon the occurrence of a make-whole fundamental change (as defined in the Indenture), we will, in certain circumstances, increase the base conversion rate by a number of additional shares for a holder that elects to convert its Debentures in connection with such make-whole fundamental change, subject to the Maximum Conversion Rate.

Prior to the close of business on the business day immediately preceding November 15, 2024, the Debentures will be convertible only under the following circumstances: (i) during any fiscal quarter commencing after the fiscal quarter ending on June 30, 2015 (and only during such fiscal quarter), if the last reported sale price of our Common Stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on the last trading day of the immediately preceding fiscal quarter is greater than or equal to 130% of the base conversion price on each applicable trading day; (ii) during the five business day period after any 10 consecutive trading day period (the "measurement period") in which the trading price per \$1,000 principal amount of Debentures for each trading day of the measurement period was less than 98% of the product of the last reported sale price of our Common Stock and the conversion rate on each such trading day; or (iii) upon the occurrence of specified corporate events. On or after November 15, 2024, until the close of business on the second scheduled trading day immediately preceding the maturity date, holders of the Debentures may convert all or a portion of their Debentures, at any time. Upon conversion, the Debentures may be settled in cash, shares of our Common Stock or any combination thereof, at our option.

We may not redeem the Debentures prior to the maturity date and no sinking fund is provided for the Debentures. Upon the occurrence of a fundamental change (as defined in the Indenture), holders may require us to purchase all or a portion of the Debentures for cash at a price equal to 100% of the principal amount of the Debentures to be purchased plus any accrued and unpaid interest to, but excluding, the fundamental change purchase date.

Further Information. The terms of the Debentures are complex and only briefly summarized above. For further information on the Debentures, please refer to the description contained in our Current Report on Form 8-K filed with the SEC on February 5, 2015 and the related documents filed as exhibits to such report.

Description of Nasdaq Limit

Rule 5635(d) of the Nasdaq Marketplace Rules requires stockholder approval for the issuance of securities other than in a public offering at a price per share less than the greater of the book or market value of a company's stock, where the amount of securities being issued (or issuable upon conversion) equals 20% or more of an issuer's outstanding listed securities or 20% or more of the voting power outstanding before the issuance. We are subject to the Nasdaq Marketplace Rules because our Common Stock is listed on the Nasdaq Global Select Market. The issuance of the Debentures did not require stockholder approval under Rule 5635(d). We are seeking stockholder approval pursuant to Rule 5635(d) so that, if stockholder approval is obtained, we would have the flexibility to issue shares of Common Stock upon conversion of the Debentures in an aggregate amount that exceeded 20% of our outstanding shares of Common Stock.

Proposal; Vote Required; Board Recommendation

We are seeking stockholder approval for the issuance of shares of our Common Stock upon conversion of our Debentures as required by the Nasdaq listing rules so that upon the future adjustment of the Conversion Rate of the Debentures as result of our payment of cash dividends we can maintain our current accounting treatment for the Debentures and maintain the flexibility to issue shares upon conversion of such Debentures.

The affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting is required to approve this proposal. Abstentions will have the same effect as a vote against this proposal.

Our Board of Directors unanimously recommends voting "FOR" Proposal Two, the approval of the issuance of shares of our Common Stock upon conversion of our Debentures as required by the Nasdaq listing rules, as described in this Proxy Statement.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has appointed Ernst & Young LLP, independent registered public accounting firm, to audit our consolidated financial statements for the fiscal year ending March 31, 2016. Ernst & Young LLP has audited our financial statements since the fiscal year ended March 31, 2002 and has served as our independent registered public accounting firm since June 2001. The partner in charge of our audit is rotated every five years. Other partners and non-partner personnel are rotated on a periodic basis as required.

We anticipate that a representative of Ernst & Young LLP will be present at the annual meeting, will have the opportunity to make a statement if he or she desires and will be available to respond to appropriate questions. Stockholder ratification of the appointment of Ernst & Young LLP is not required by our Bylaws or applicable law. However, our Board of Directors chose to submit such appointment to our stockholders for ratification. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection.

Fees Paid to Independent Registered Public Accounting Firm

Audit Fees

This category includes fees associated with our annual audit, the reviews of our quarterly reports on Form 10-Q, and statutory audits required internationally. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of our interim financial statements, statutory audits and the assistance with review of our SEC registration statements. This category also included fees associated with the audit of our internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act of 2002. The aggregate fees billed or to be billed by Ernst & Young LLP in each of the last two fiscal years for such services were approximately \$2,756,220 for fiscal 2015 and \$1,845,000 for fiscal 2014. Our audit fees in fiscal 2015 were higher than our audit fees in fiscal 2014 due to our acquisitions of Supertex and ISSC and associated audit procedures performed by Ernst & Young LLP in connection with the testing of our allocation of the purchase price of these acquisitions, as well as procedures surrounding our issuance of the Debentures and related transactions.

Audit-Related Fees

This category includes fees associated with employee benefit plan audits, internal control reviews, accounting consultations and attestation services that are not required by statute or regulation. There were no fees billed by Ernst & Young LLP for such services in each of the last two fiscal years.

Tax Fees

This category includes fees associated with tax return preparation, tax advice and tax planning. The aggregate fees billed or to be billed by Ernst & Young LLP in either of the last two fiscal years for such services were approximately \$439,767 for fiscal 2015 and \$452,000 for fiscal 2014.

All Other Fees

This category includes fees for support and advisory services not related to audit services or tax services. There were no such fees in fiscal 2015 or fiscal 2014.

Our Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by our independent registered public accounting firm. Under the policy, pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget or limit. The Audit Committee

may also pre-approve particular services on a case-by-case basis. The Chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve a specified level of services, and such pre-approvals are then communicated to the full Audit Committee at its next scheduled meeting. During fiscal 2015, all audit and non-audit services rendered by Ernst & Young LLP were approved in accordance with our pre-approval policy.

Our Audit Committee has determined that the non-audit services rendered by Ernst & Young LLP during fiscal 2015 and fiscal 2014 were compatible with maintaining the independence of Ernst & Young LLP.

Vote Required; Board Recommendation

The affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting is required to approve the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of Microchip for the fiscal year ending March 31, 2016. Abstentions will have the same effect as a vote against this proposal.

Upon the recommendation of our Audit Committee, our Board of Directors unanimously recommends that stockholders vote "FOR" Proposal Three, the ratification of our independent registered public accounting firm, as described in the Proxy Statement.

PROPOSAL FOUR

APPROVAL OF EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with the SEC's rules (commonly referred to as a "Say-on-Pay").

As described under the heading "Executive Compensation — Compensation Discussion and Analysis," our executive compensation program is a comprehensive package designed to motivate our executive officers to achieve our corporate objectives and is intended to be competitive and allow us to attract and retain highly qualified executive officers. We believe that the various elements of our executive compensation program work together to promote our goal of ensuring that total compensation should be related to both our performance and individual performance.

Stockholders are urged to read the "Compensation Discussion and Analysis" section of this Proxy Statement, beginning on page 20, which discusses how our executive compensation policies implement our compensation philosophy, and the "Compensation of Named Executive Officers" section of this Proxy Statement, which contains tabular information and narrative discussion about the compensation of our named executive officers. These sections provide additional details about our executive compensation programs, including information about the fiscal 2015 compensation of our named executive officers. The Compensation Committee and our Board of Directors believe that these policies are effective in implementing our compensation philosophy and in achieving our goals.

We are asking our stockholders to indicate their support for our executive compensation as described in this Proxy Statement. This Say-on-Pay proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we are asking our stockholders to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosures.

The Say-on-Pay vote is advisory, and therefore not binding on us, the Compensation Committee or our Board of Directors. However, our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. Our current policy is to provide stockholders with an opportunity to approve the compensation of our named executive officers each year at our annual meeting of stockholders. Thus, it is expected that the next such vote will occur at our 2016 annual meeting.

Vote Required; Board Recommendation

The affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting is required to approve the compensation of our named executive officers on an advisory (non-binding) basis. Abstentions will have the same effect as a vote against this proposal.

Our Board of Directors unanimously recommends voting "FOR" Proposal Four, the approval, on an advisory (non-binding) basis, of the compensation of our named executive officers, as described in this Proxy Statement.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview of the Compensation Program

The Compensation Committee of our Board of Directors, presently comprised of Mr. Day and Mr. Meyercord, reviews the performance of our executive officers and makes compensation decisions regarding our executive officers. Our policies for setting compensation for each of our named executive officers (CEO, CFO, and our three other most highly paid executive officers) are the same as those for the rest of our executive officers. Our compensation program is a comprehensive package designed to motivate the executive officers to achieve our corporate objectives and is intended to be competitive and allow us to attract and retain highly qualified executive officers. In general, the types of compensation and benefits provided to our executive officers are similar to those provided to other Microchip employees, and include salary, cash bonuses, RSUs, and other benefits described below.

Our Executive Compensation Policy and Objectives

Our compensation policy for executive officers, including our named executive officers, and key employees is based on a "pay-for-performance" philosophy. This "pay-for-performance" philosophy emphasizes variable compensation, primarily by placing a large portion of pay at risk. We believe that this philosophy meets the following objectives:

- rewards performance that may contribute to increased stockholder value,
- attracts, retains, motivates and rewards individuals with competitive compensation opportunities,
- aligns an executive officer's total compensation with our business objectives,
- fosters a team environment among our management that focuses their energy on achieving our financial and business objectives consistent with Microchip's "guiding values,"
- balances short-term and long-term strategic goals, and
- builds and encourages ownership of our common stock.

Decisions regarding cash and equity compensation also include subjective determinations and consideration of various factors with the weight given to a particular factor varying from time to time and in various individual cases, such as an executive officer's experience in the industry and the perceived value of the executive officer's position to Microchip as a whole.

We believe that the overall compensation levels for our executive officers, including our named executive officers, in fiscal 2015 were consistent with our "pay-for-performance" philosophy and were commensurate with our fiscal 2015 performance.

Executive Compensation Process

On an annual basis, the Compensation Committee evaluates and establishes the compensation of our executive officers, including the named executive officers. The Compensation Committee seeks input from Mr. Sanghi when discussing the performance of, and compensation levels for, the executive officers other than himself. Mr. Sanghi does not participate in deliberations relating to his own compensation.

The Compensation Committee designs our executive compensation program to be competitive with those of other companies in the semiconductor or related industries that are similar to us in terms of number of employees, revenue and capitalization. The Compensation Committee determines appropriate levels of compensation for each executive officer based on their level of responsibility within the organization, performance, and overall contribution. After such determination, the Compensation Committee makes allocations between long-term and short-term as well as the cash and non-cash elements of

compensation. Microchip's financial and business objectives, the salaries of executive officers in similar positions with comparable companies and individual performance are considered in making these determinations. If compensation information is reviewed for other companies, it is obtained from published materials such as proxy statements, and information gathered from such companies directly. We do not engage consultants to conduct such review process for us or utilize a specific peer group.

The executive officer compensation process begins with consideration of Microchip's overall budget for employee compensation. The Compensation Committee considers the budgeted salary data and individual executive officer salary increases are determined with the goal of keeping the executive officer salary increases within the budgeted range for all other employees. In setting annual salaries for executive officers, the Compensation Committee also considers relevant industry data but does not target any overall industry percentage level or peer group average.

Microchip's compensation budget is created as part of its annual and quarterly operating plan processes under which business and financial objectives are initially developed by our executive officers, in conjunction with their respective operating units, and then discussed with and approved by our CEO. These objectives are then reviewed by our Board of Directors and the Board of Directors sets the overall financial and business objectives for Microchip on which incentive compensation is based.

The Compensation Committee sets the compensation of our Chairman, CEO and President, Mr. Sanghi, in the same manner as each of our other executive officers. In particular, the Compensation Committee considers Mr. Sanghi's level of responsibility, performance, and overall contribution to the results of the organization. The Compensation Committee also considers the compensation of CEOs of other companies in the semiconductor or related industries that are similar to us in number of employees, revenue and capitalization. Mr. Sanghi primarily participates in the same cash incentive, equity incentive and benefit programs as our other executive officers. For example, his compensation is subject to the same performance metrics as our other executive officers under our EMICP program. The Compensation Committee recognizes that Mr. Sanghi's total compensation package is significantly higher than that of our other executive officers and the Compensation Committee believes this is appropriate in consideration of Mr. Sanghi's superior leadership of Microchip over a long period of time. In particular, the Compensation Committee believes that Mr. Sanghi's leadership has been key to the substantial revenue and profitability growth, strong market position and substantial increase in the market value of Microchip since taking Microchip public in 1993, and to leading Microchip's strong performance relative to others in the industry over a number of years.

For fiscal 2015, the Compensation Committee reviewed and approved the total compensation package of all of our executive officers, including the elements of compensation discussed below, and determined the amounts to be reasonable and competitive.

At our last annual meeting of stockholders held in August 2014, our stockholders approved an advisory (non-binding) proposal concerning our executive compensation program with approximately 97% of the votes cast in favor of the proposal. The Compensation Committee considered the results of this vote in establishing the compensation program for fiscal 2016.

Elements of Compensation

Our executive compensation program is currently comprised of four major elements:

- annual base salary,
- incentive cash bonuses,
- equity compensation, and
- compensation and employee benefits generally available to all of our employees.

The retirement benefits and other benefits offered to our executive officers are largely the same as those we provide to a broad base of employees. While our executive officers' level of participation in our management incentive compensation plans and equity incentive plans is typically higher than for our non-executive employees, based on the officers' level of

responsibility and industry experience, the plans in which our executive officers are eligible to participate are very similar to those for our other employees. The Compensation Committee reviews each element of compensation separately and total compensation as a whole, other than those benefits which are available to all employees. The Compensation Committee determines the appropriate mix of elements to meet our compensation objectives and to help ensure that we remain competitive with the compensation practices in our industry.

Although our executive officers are entitled to certain severance and change of control benefits (as described below), the Compensation Committee does not consider such benefits to be elements of compensation for purposes of annual compensation reviews because such benefits may never be paid.

Base Salaries. We review the base salaries of our executive officers each year. When setting base salaries, we review the business and financial objectives for Microchip as a whole, as well as the objectives for each of the individual officers relative to their respective areas of responsibility. In particular, we consider our overall revenue growth and revenue growth in our strategic product lines, non-GAAP gross margins, non-GAAP operating expenses, non-GAAP net income per diluted share, cash generation, expected capital expenditures and other financial considerations in setting our budgets for salaries. We also consider the individual performance of our named executive officers including the officer's level of responsibility, performance, overall contribution to the results of the organization, the officer's base salary relative to the salaries of our other officers, salary relative to comparable positions in the industry, the officer's overall compensation including incentive cash bonuses and equity compensation and the officer's performance relative to expectations. We do not assign any specific weight to any such factor but consider such factors as a whole for each executive. This review encompasses the objectives for both the immediately preceding fiscal year and the upcoming fiscal year. For fiscal 2015 (as in fiscal 2014), Microchip did not conduct an annual focal review process for executive or non-executive employees, and employee salary reviews were conducted on a quarterly basis. Also, the budget for salary increases was established each quarter, with any increases determined each quarter on a discretionary basis based on the performance reviews of the employees.

After consideration of the factors described above, the base salaries for our named executive officers other than our CEO were increased by an average of approximately 2.8% over the course of fiscal 2015. Our CEO's base salary increased 2.5% compared to the prior fiscal year. The budget for salary increases for our U.S. employee base over the course of fiscal 2015 was 1.3%.

Incentive Cash Bonuses. The Compensation Committee sets performance goals which, if met, result in quarterly payments to our executive officers under the EMICP. Executive officers may also receive quarterly payments under the DMICP. The Compensation Committee establishes performance goals which it believes are challenging, require a high level of performance and motivate participants to drive stockholder value, but which goals are expected to be achievable in the context of business conditions anticipated at the time the goals are set. When setting the performance goals, the Compensation Committee places more emphasis on the overall expected financial performance of Microchip rather than on the achievement of any one individual goal. The Compensation Committee believes that this focus on the overall payout incentivizes outstanding performance across the corporation and drives the overall financial success of the corporation. The Compensation Committee uses the DMICP to help achieve the overall objectives of the performance bonus program.

The performance metrics under the EMICP are determined by the Compensation Committee at the beginning of each quarter so that such compensation may qualify as performance-based compensation within the meaning of Rule 162(m) under the Internal Revenue Code. The metrics may be based on either GAAP or non-GAAP financial results at the discretion of the Compensation Committee. The Compensation Committee typically uses non-GAAP information when setting the targets because it believes such targets are more useful in understanding our operating results due to the exclusion of non-cash, non-recurring and other special charges. The earnings per share metric changes each quarter. Each of the other performance metrics is reviewed each quarter but is typically the same for multiple quarters. The table below sets forth the performance metrics under the EMICP for each quarter of fiscal 2015:

Performance Metric	Target Quarterly Measurement for Q1 and Q2 FY15	Target Quarterly Measurement for Q3 and Q4 FY15	Target % of Bonus	Actual Results

DMICP Total	Discretionary	Discretionary	20	N/A	26.75 ⁽²⁾	N/A	(18.06)	N/A	38.53	N/A	40.32

(1) The EMICP quarterly non-GAAP earnings per share (EPS) targets for the first, second, third and fourth quarters of fiscal 2015 were \$0.62, \$0.65, \$0.65 and \$0.62, respectively.

(2) The DMICP was 1.75% of the target, with an additional 25% DMICP payout for all personnel that participated in the voluntary salary reduction program.

The total amount payable to each executive under the EMICP and the DMICP is based on a percentage of the executive's base salary at the beginning of the quarter. The participation percentage for each executive is determined at the beginning of the fiscal year based on the executive's base salary at that time and typically stays at the same level for each quarter of the fiscal year. However, the Compensation Committee may change the participation level of an executive each quarter to reflect changes in the performance or responsibilities of the executive or other factors. The dollar amount of the target bonus for each executive is based on assumed achievement of all performance metrics under the EMICP (as disclosed in the table above) and payment of 20% as a discretionary award under the DMICP (as disclosed in the table above). The aggregate budgeted bonus pool under the various management incentive compensation plans is calculated by multiplying each eligible executive officer's bonus target percentage by the executive's base salary. In fiscal 2015, the quarterly payments under the EMICP for our named executive officers were targeted at an aggregate of approximately \$349,122 for all such officers as a group. In fiscal 2015, the quarterly payments under the DMICP for our named executive officers were targeted at an aggregate of approximately \$87,280 for all such officers as a group. Bonuses under the EMICP are subject to a maximum award of \$2,500,000 per individual per performance period (which can be a fiscal quarter, a fiscal year or a longer period not exceeding five fiscal years); however, all awards to date have been substantially less than such maximum amount.

The actual awards under the EMICP are based on our actual quarterly financial performance compared to the performance metrics and the actual awards under the DMICP are determined in the discretion of our Compensation Committee and can be significantly higher or lower than the 20% target. The actual awards are calculated by multiplying the overall award percentage payout for the quarter by the applicable percentage of the executive's salary at the end of the fiscal quarter that the award relates to. Thus, if an executive's salary or participation percentage changes during the year, up or down, this would affect the executive's actual bonus payment during the fiscal year. For fiscal 2015, the specific total bonus percentages under both the EMICP and DMICP for each of our named executive officers were as follows: for Mr. Sanghi it was 200% of his salary for the associated quarter; for Mr. Moorthy it was 61% of his salary; for Mr. Little it was 46% of his salary; for Mr. Drehobl it was 45% of his salary; and for Mr. Bjornholt it was 32% of his salary. These bonus percentages did not change from the percentages used for fiscal 2014.

As indicated in the above table, 3.0% of the quarterly EMICP payment was based on Microchip's Licensing Division achieving total sequential revenue growth of 3.0%. Accordingly, if Microchip's Licensing Division's sequential revenue growth for a quarter was 3.0%, then each executive would be paid the corresponding 3.0% of the EMICP target bonus amount for that quarter. If Microchip's Licensing Division's revenue growth for a quarter was 1.5%, then each executive would be paid a corresponding 1.5% of his target bonus amount for the quarter (i.e., 1/2 of the 3.0%) and if Microchip's Licensing Division's revenue growth for a quarter was 6.0%, then each executive would be paid a corresponding 6.0% of the target bonus amount for the quarter (i.e., 6/3 of the 3.0%). A similar methodology is applied each quarter to each of the performance metrics listed in the above table.

As set forth in the above table, during fiscal 2015, consistent with our "pay-for-performance" philosophy, our CEO and other executive officers received bonuses under the EMICP for each quarter of fiscal 2015. Payments were also made under the DMICP for the first, third and fourth quarters of fiscal 2015. Applying the award percentages to each named executive officer's participation level in the plans, for fiscal 2015, the total bonus payments under the EMICP and the DMICP for our named executive officers, other than our CEO, ranged from \$75,535 to \$204,094. In fiscal 2015, Mr. Sanghi earned an aggregate EMICP bonus of \$1,052,992, and an aggregate DMICP bonus of \$328,154. Please see footnote 4 to the Summary Compensation Table on page 32 of this Proxy Statement which sets forth the actual amount of the EMICP and DMICP awards for each named executive officer for fiscal 2015. The differences in the levels of compensation under these programs for the various executive officers are based upon their relative contribution, performance, experience, and responsibility level within the organization.

Equity Compensation. Equity compensation, such as RSUs, constitutes a significant portion of our incentive compensation program because we believe that executive officers and key employees should hold a long-term equity stake in Microchip to align their collective interests with the interests of our stockholders. Accordingly, in fiscal 2015, equity grants in the form of RSUs were a significant portion of our executive officers' total compensation package.

We typically make equity compensation grants to executive officers and key employees in connection with their initial employment, and we also typically make quarterly evergreen grants of equity to incentivize employees on a continuing basis as their initial equity awards vest. In setting the amount of the equity compensation grants, the estimated value of the grants is considered, as well as the intrinsic value of the outstanding equity compensation held by the executive officer, both the unvested retention value and the vested amount. In setting these amounts and any performance goals, the Compensation Committee uses its judgment after considering the effect of the overall RSU amounts and the percentage of RSUs granted to executive officers in connection with the overall financial results and performance of Microchip.

The evergreen grants of RSUs for fiscal 2015 were awarded with vesting subject to meeting specified performance goals related to achieving certain levels of operating expenses or income over a specified time frame. Specifically, with respect to the RSU awards made in April 2014, the performance goal was related to achieving non-GAAP operating income for the three months ended June 30, 2014 of more than \$125 million; with an achievement of \$145 million of non-GAAP operating income necessary for full vesting of the award. With respect to the awards made in July 2014, the performance goal was related to achieving non-GAAP operating income for the three months ended September 30, 2014 of more than \$140 million; with an achievement of \$160 million of non-GAAP operating income necessary for full vesting of the award. With respect to the awards made in October 2014, the performance goal was related to achieving non-GAAP operating expenses for the three months ended December 31, 2014 of less than \$170 million, with an achievement of \$150 million of non-GAAP operating expense necessary for full vesting of the award. With respect to the awards made in January 2015, the performance goal was related to achieving non-GAAP operating income for the three months ended March 31, 2015 of more than \$140 million, with an achievement of \$160 million of non-GAAP operating income necessary for full vesting of the award. With respect to each of the performance goals for the RSU grants, the goals exclude the impact of any acquisitions completed by Microchip during the performance period. Based on the actual results compared to the performance goals for each such period, all of the quarterly evergreen awards will vest at 100%; however, in addition to the performance-based vesting requirements, the vesting of each of the foregoing RSU awards is subject to the continued service of the officer on the vesting date which is approximately four years from the grant date.

Grants of RSUs may also be made in connection with promotions, other changes in responsibilities or in recognition of other individual or Microchip developments or achievements. Grants of RSUs in fiscal 2015 typically were scheduled to vest approximately four years from the grant date. RSUs do not have a purchase price and therefore have immediate value to recipients upon vesting. On March 31, 2015, approximately 54% of our employees worldwide were eligible to receive RSUs under our 2004 Equity Incentive Plan. Since the middle of fiscal 2006, RSUs have been the principal equity compensation vehicle for Microchip executive officers and key employees.

In granting equity compensation awards to executive officers, we consider numerous factors, including:

- the individual's position, experience, and responsibilities,
- the individual's future potential to influence our mid- and long-term growth,
- the vesting schedule of the awards, and
- the number and value of awards previously granted.

We do not separately target the equity element of our executive officer compensation programs at a specific percentage of overall compensation. However, overall total compensation is structured to be competitive so that we can attract and retain executive officers. In setting equity award levels, we also take into consideration the impact of the equity-based awards on the dilution of our stockholders' ownership interests in our common stock.

The Compensation Committee grants RSUs to executive officers and current employees on a quarterly basis in an attempt to more evenly record stock-based compensation expense. Grants of RSUs to new employees (other than executives) are made once per month by the Employee Committee at a meeting of such committee. Grants of RSUs to any new executive officer would be made at the first meeting of the Compensation Committee following the election of such officer. Microchip does not have any program, plan or practice to time grants of RSUs in coordination with the release of material non-public information. Microchip does not time, nor do we plan to time, the release of material non-public information for the purposes of affecting the value of executive compensation.

See the table under "*Grants of Plan-Based Awards for Fiscal Year Ended March 31, 2015*" at page 33 for information regarding RSUs granted during fiscal 2015 to our named executive officers.

Stock Ownership Guidelines for Key Employees and Directors. To help ensure alignment of the interests of our management and Board of Directors with those of our stockholders, we have put in place a stock holding policy that applies to each member of our management and Board of Directors. This policy was proposed by our Nominating and Governance Committee and ratified by our Board of Directors in October 2003. Under this policy, effective April 1, 2004, each of our directors, executive officers, vice presidents and internal director-level employees must maintain a specified minimum level of ownership of our stock during their tenure in their respective office or position. During fiscal 2015, all of our executive officers and directors were in compliance with the terms of such policy.

Microchip's insider trading policy prohibits executive officers from speculating in Microchip stock, which includes a prohibition on short selling, buying and selling options (including writing covered calls) or hedging or any type of arrangement that has a similar economic effect.

Other Compensation and Employee Benefits Generally Available to All Employees. We maintain compensation and employee benefits that are generally available to all Microchip employees, including:

- our employee stock purchase plans,
- medical, dental, vision, employee assistance program, flexible spending, and disability insurance,
- life insurance benefits,
- a 401(k) retirement savings plan,
- an employee cash bonus plan, and
- vacation and paid time off.

Since these programs are generally available to all employees, these forms of compensation are not independently evaluated by the Compensation Committee in connection with the annual determination of executive officer compensation.

Employee Stock Purchase Plans. Our 2001 Employee Stock Purchase Plan is a Section 423 qualified employee stock purchase plan that allows all U.S. employees the opportunity to purchase our common stock through payroll deductions at 85% of the fair market value at the lower of the price as of the opening of the two-year offering period or at the end of any six-month purchase period. A significant portion of our international employees have the ability to participate in our 1994 International Employee Stock Purchase Plan that allows them the opportunity to purchase our common stock through payroll deductions at 85% of the fair market value at the lower of the price as of the opening or the end of any six-month offering period.

Medical, Dental, Vision, Employee Assistance Program, Flexible Spending, Disability Insurance and Accidental Death and Dismemberment. We make medical, dental, vision, employee assistance program, flexible spending, and disability insurance generally available to all of our employees through our active benefit plans. Under these generally available plans, our named executive officers are eligible to receive between \$1,000 and \$7,500 per month in long-term disability coverage depending on which plan they elect. Short-term disability coverage is provided which allows for 100% of base salary to be paid for six months in the event of disability. Accidental death and dismemberment insurance, which is generally available to our U.S. employees, is provided by Microchip to our executives with a benefit of one times the executive's annual salary. Since all of our U.S. employees participate in these plans on a non-discriminatory basis, the value of these benefits to our named executive officers is not required to be included in the Summary Compensation Table on page 31 pursuant to SEC rules and regulations.

Life Insurance. In fiscal 2015, we provided life insurance coverage to our named executive officers in the amount up to one and a half times the executive's annual salary (up to a maximum of \$500,000). The named executive officers may purchase supplemental life insurance at their own expense.

401(k). We maintain a 401(k) plan for the benefit of all of our U.S. employees to allow our employees to save for retirement. We contribute to our 401(k) plan each year based on our profitability during the year, subject to maximum contributions and other rules prescribed by Federal law governing such plans. Our named executive officers are permitted to

participate in the plans to the same extent as our other U.S. employees. Our Compensation Committee approved discretionary matching contributions for the first quarter of fiscal 2015 equal to \$0.55 for each dollar contributed by the employee for the first 4% of their salary contributions. For the second quarter of fiscal 2015, our Compensation Committee approved discretionary matching contributions equal to \$0.375 for each dollar contributed by the employee for the first 4% of their salary contributions. For the third quarter of fiscal 2015, our Compensation Committee approved discretionary matching contributions equal to \$0.40 for each dollar contributed by the employee for the first 4% of their salary contributions. For the fourth quarter of fiscal 2015, our Compensation Committee approved discretionary matching contributions equal to \$0.675 for each dollar contributed by the employee for the first 4% of their salary contribution. There are no required matching contributions under the plan.

Employee Cash Bonus Plan. All of our employees worldwide participate in our Employee Cash Bonus Plan ("ECBP"). The ECBP is a discretionary bonus plan designed to allow our full-time employees, not just our executive officers, to share in the success of the company. The target bonus under the ECBP is 2.5 days of base salary per quarter, or on an annual basis, two weeks of annual base salary which may be granted by the Compensation Committee if certain Microchip operating profitability objectives are achieved. Under the ECBP, the Compensation Committee can set the eligibility requirements and targets and has discretion to pay more or less than the stated target. Additionally, the Compensation Committee determined that an additional ten hours of pay could be awarded to employees who had outstanding performance in the quarter, as determined by management. Other eligibility terms also apply, such as an attendance requirement and a performance requirement.

The pay-out under the ECBP is approved by the Compensation Committee based on our actual quarterly operating results. For the first quarter of fiscal 2015, bonus awards were paid out at 110% of target for all employees, with an additional 25% of target for those employees who participated in the voluntary salary reduction program, and up to an additional 50% of target for a select group of employees with outstanding performance during the quarter. For the second quarter of fiscal 2015, bonus awards were paid out at 75% of target for all employees, with up to an additional 50% of target for a select group of employees with outstanding performance during the quarter. For the third quarter of fiscal 2015, bonus awards were paid out at 80% of the target for all employees, with up to an additional 50% of target for a select group of employees with outstanding performance during the quarter. For the fourth quarter of fiscal 2015, bonus awards were paid out at 125% of target, with up to an additional 50% of target for a select group of employees with outstanding performance during the quarter. Under the ECBP, for fiscal 2015, our named executive officers other than our CEO received total payments ranging from \$9,284 to \$13,314 and our CEO received \$27,690.

Vacation and Paid Time-Off Benefits. We provide vacation and other paid holidays to all of our employees, including our named executive officers. We believe our vacation and holidays are comparable to others in the industry.

Non-Qualified Deferred Compensation Plan. We maintain a non-qualified deferred compensation plan for certain employees, including our named executive officers, who receive compensation in excess of the 401(k) contribution limits imposed under the Internal Revenue Code and desire to defer more compensation than they would otherwise be permitted under a tax-qualified retirement plan, such as our 401(k) plan. Microchip does not make contributions to this non-qualified deferred compensation plan. This plan allows our executive officers to make pre-tax contributions to this plan which would be fully taxed to the executive officers after the executive officer's termination of employment with Microchip.

We do not have pension plans or other retirement plans for our named executive officers or our other U.S. employees.

Employment Contracts, Termination of Employment and Change of Control Arrangements. We do not have employment contracts with our CEO, CFO or any of our executive officers, nor agreements to pay severance on involuntary termination (other than as stated in the change of control agreements below) or upon retirement. Our CEO, CFO, and our executive officers have entered into change of control agreements with us.

The change of control agreements were designed to help ensure the continued services of our key executive officers in the event that a change of control of the company is effected, and to assist our key executive officers in transitioning from the company if as a result of a change of control, they lose their positions. We believe that the benefits provided by these agreements help to ensure that our management team will be incentivized to remain employed with Microchip during a change

of control. Capitalized terms used herein and not defined shall have the meanings set forth in the change of control agreements. Additionally, our 2004 Equity Incentive Plan has a change of control provision which provides that any successor company shall assume each outstanding award or provide an equivalent substitute award; however, if the successor fails to do so, vesting of awards shall accelerate. The Compensation Committee considered prevalent market practices in determining the severance amounts and the basis for selecting the events triggering payment in the agreements.

With respect to our CEO, CFO and VP of Worldwide Sales, if the executive officer's employment terminates for reasons other than Cause within the Change of Control Period, the executive officer will be entitled to receive severance benefits consisting of the following primary components:

- a one-time payment of his base salary in effect immediately prior to the Change of Control or termination date, whichever is greater, for the following periods: (1) in the case of the CEO, two years; (2) in the case of the CFO and the VP of Worldwide Sales, one year;
- a one-time payment of his bonuses for which he was or would have been eligible in the year in which the Change of Control occurred or for the year in which termination occurred, whichever is greater, for the following periods: (1) in the case of the CEO, two years; (2) in the case of the CFO and the VP of Worldwide Sales, one year;
- a continuation of medical and dental benefits (subject to any required employee contributions) for the following periods: (1) in the case of the CEO, two years; (2) in the case of the CFO and VP of Worldwide Sales, one year; provided in each case that such benefits would cease sooner if and when the executive officer becomes covered by the plans of another employer; and
- a payment to cover any excise tax that may be due under Section 4999 of the Code, if the payments provided for in the change of control agreement constitute "parachute payments" under Section 280G of the Code and the value of such payments is more than three times the executive officer's "base amount" as defined by Section 280G(b)(3) of the Code.

With respect to our CEO, the CFO and the VP of Worldwide Sales, immediately prior to a Change of Control (regardless of whether the executive officer's employment terminates), all equity compensation held by the executive officer shall become fully vested.

With respect to our executive officers other than the CEO, the CFO and the VP of Worldwide Sales, if the executive officer terminates his employment for Good Reason, or the executive's employment is terminated for reasons other than Cause within the Change of Control Period, the executive officer will be entitled to receive severance benefits consisting of the following primary components:

- a one-time payment of his base salary in effect immediately prior to the Change of Control or termination date, whichever is greater, for one year;
- a one-time payment of his bonuses for which he was or would have been eligible in the year in which the Change of Control occurred or for the year in which termination occurred, whichever is greater, for one year;
- a continuation of medical and dental benefits (subject to any required employee contributions) for one year (provided in each case that such benefits would cease sooner if and when the executive officer becomes covered by the plans of another employer); and
- a payment to cover any excise tax that may be due under Section 4999 of the Code, if the payments provided for in the change of control agreement constitute "parachute payments" under Section 280G of the Code and the value of such payments is more than three times the executive officer's "base amount" as defined by Section 280G(b)(3) of the Code.

With respect to our executive officers other than the CEO, the CFO and the VP of Worldwide Sales, immediately upon termination during the Change of Control Period other than for Cause, all equity compensation held by the executive officer shall become fully vested.

The following table sets forth the aggregate dollar value of payments, to the extent calculable, in the event of a termination of a named executive officer on March 31, 2015, the last business day of our last completed fiscal year.

⁽¹⁾ Value represents the gain our named executive officers would receive, calculated as the amount of unvested RSUs multiplied by our stock price on March 31, 2015.

⁽²⁾ This payment covers any excise tax that may be payable under Section 4999 of the Code if the payments provided for under the change of control agreement constitute "parachute payments" under Section 280G of the Code and the value of the payments is more than three times the executive officer's "base amount" as defined by Section 280G(b)(3) of the Code.

⁽³⁾ Benefits continued under the change of control agreements are limited to company-paid medical, dental, vision and life insurance coverage at the same level of coverage the executive was provided immediately prior to termination of employment with Microchip. Amounts are not determinable at this time and are dependent on each executive officer's individual circumstances.

⁽⁴⁾ The change of control payment includes an amount equal to twice the annual salary of the executive plus a bonus equal to two times the targeted annual amount payable to such executive under our management incentive compensation plans (EMICP and DMICP) and our ECBP.

⁽⁵⁾ The change of control payment includes an amount equal to one times the annual salary of the executive plus a bonus equal to the targeted annual amounts payable to such executive under our management incentive compensation plans (EMICP and DMICP) and our ECBP.

Performance-Based Compensation and Financial Restatement

To date, Microchip has not experienced a financial restatement and has not considered or implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to its executive officers and other employees where such payments were predicated upon the achievement of certain financial results that would subsequently be the subject of a restatement.

Tax Deductibility

Section 162(m) of the Code disallows a corporate income tax deduction for executive compensation paid to our named executive officers in excess of \$1,000,000 per year, unless that income meets permitted exceptions. In order to enhance our ability to obtain tax deductions for executive compensation, our stockholders have approved our EMICP. This allows us to seek to have such compensation under our EMICP qualify as performance-based compensation under Section 162(m). Additionally, our 2004 Equity Incentive Plan allows for the granting of performance-based awards such as RSUs. To the extent that we grant awards with such performance-based limitations, we would expect them to qualify as performance-based awards for purposes of 162(m).

To maintain flexibility in compensating Microchip's executive officers in a manner designed to promote varying corporate goals, it is not the policy of the Compensation Committee that executive compensation must be tax deductible. We intend to review the deductibility of executive officer compensation from time to time to determine whether any additional actions are advisable to obtain deductibility.

Conclusion

We believe that our executive team provided outstanding service to Microchip in fiscal 2015. We will work to assure that the executive compensation programs continue to meet Microchip's strategic goals as well as the overall objectives of the compensation program.

- (1) Individual awards under our EMICP, DMICP and ECBP are made quarterly and are not stated in terms of a threshold or maximum amount for an award period. The EMICP does provide that the maximum amount payable to any participant is \$2.5 million for any performance period (which can be a fiscal quarter, a fiscal year or a longer period not exceeding five fiscal years).
- (2) Represents RSUs granted under Microchip's 2004 Equity Incentive Plan.
- (3) This column shows the full grant date fair value of RSU awards to the named executives in fiscal 2015. Generally, the full grant date fair value is the amount that Microchip would expense in its financial statements over the award's vesting schedule.
- (4) This annual target represents the portion of the executive officer's base salary (as measured at the end of fiscal 2015) targeted for estimated future payout in fiscal 2016 under Microchip's EMICP.
- (5) This annual target represents the portion of the executive officer's base salary (as measured at the end of fiscal 2015) targeted for estimated future payout in fiscal 2016 under Microchip's DMICP.

Summary Compensation Table and Grants of Awards Table Discussion

Based on the data in the Summary Compensation Table, the level of salary, bonus, non-equity incentive plan compensation, and other compensation in proportion to total compensation ranged from approximately 26.8% to 40.1% for our named executive officers in fiscal 2015. See the "Compensation Discussion and Analysis" section of this proxy statement for further discussion of overall compensation and how compensation is determined.

We do not have employment contracts with our named executive officers, nor agreements to pay severance on involuntary termination (other than as stated in the change of control agreements discussed above under the heading "Employment Contracts, Termination of Employment and Change of Control Arrangements") or retirement.

For a discussion of the material terms of the awards listed in the Grants of Awards Table, see our discussion of the equity awards and incentive cash bonuses in the "Compensation Discussion and Analysis" section of this proxy statement under the headings "Incentive Cash Bonuses," "Equity Compensation," and "Employee Cash Bonus Plan."

Microchip has not repriced any stock options or made any material modifications to any equity-based awards during the last fiscal year.

Non-Qualified Deferred Compensation for Fiscal Year 2015

All of our U.S. employees in director-level and above positions, including our executive officers, are eligible to defer a portion of their salary and cash bonuses into our Non-Qualified Deferred Compensation Plan (the "Deferred Compensation Plan"). Pursuant to the Deferred Compensation Plan, eligible employees can defer up to 50% of their base salary and/or cash bonuses. In general, deferral elections are made prior to January of each year for amounts to be earned in the upcoming year. Participants may invest amounts in various funds available under the Deferred Compensation Plan (in general, any of those funds traded on a nationally recognized exchange). Plan earnings are calculated by reference to actual earnings of mutual funds or other securities chosen by individual participants.

Except for a change in control or certain unforeseeable emergencies (as defined under the Deferred Compensation Plan), benefits under the plan will not be distributed until a "distribution event" has occurred. The distribution event occurs upon termination of employment.

We incur incidental expenses for administration of the Deferred Compensation Plan, and the receipt of any tax benefit we might obtain based on payment of a participant's compensation is delayed until funds (including earnings or losses on the amounts invested pursuant to the plan) are eventually distributed. We do not pay any additional compensation or guarantee minimum returns to any participant in the Deferred Compensation Plan.

The following table shows the non-qualified deferred compensation activity for each named executive officer for the fiscal year ended March 31, 2015.

Equity Compensation Plans Not Approved by Stockholders

Microchip 2012 Inducement Award Plan

In August 2012, our Board of Directors approved the 2012 Inducement Plan. Under our 2012 Inducement Plan, SARs were granted to certain employees of SMSC as an inducement for them to enter employment with Microchip. The 2012 Inducement Plan was not submitted to our stockholders for approval because doing so was not required under applicable rules and regulations in effect at the time the plan was adopted.

The expiration date and other provisions of awards granted under the 2012 Inducement Plan, including vesting provisions, were established at the time of grant by the Compensation Committee. No SAR may have a term of more than 10 years. If Microchip is acquired by merger, consolidation or asset sale, or there is a nomination and election of 50% or more of all members of the Board within a 36-month period whose election is without recommendation of the Board, then each outstanding SAR may be terminated at the discretion of any committee appointed by the Board upon notice to the award holder. Our Board of Directors may amend or terminate the 2012 Inducement Plan without stockholder approval, but no amendment of the 2012 Inducement Plan may adversely affect any award previously granted under the 2012 Inducement Plan without the written consent of the SAR holder.

CODE OF BUSINESS CONDUCT AND ETHICS

In May 2004, our Board of Directors adopted a Code of Business Conduct and Ethics for our directors, officers (including our chief executive officer and chief financial officer), and employees. A copy of the Code of Business Conduct and Ethics, as amended to date, is available on our website at the Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

We intend to post on our website any amendment to, or waiver from, a provision of our code of ethics within four business days following the date of such amendment or waiver or such other time period required by SEC rules.

OTHER MATTERS

Other Matters to be Presented at the Annual Meeting

At the date this proxy statement went to press, we did not anticipate that any other matters would be raised at the annual meeting.

Requirements, Including Deadlines, for Receipt of Stockholder Proposals for the 2016 Annual Meeting of Stockholders; Discretionary Authority to Vote on Stockholder Proposals

Under SEC rules, if a stockholder wants us to include a proposal in our proxy statement and form of proxy for our 2016 annual meeting, our Secretary must receive the proposal at our principal executive offices by March 12, 2016. Stockholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of applicable securities laws. The submission of a stockholder proposal does not guarantee that it will be included in our proxy statement.

Under our Bylaws, stockholders must follow certain procedures to nominate a person for election as a director or to introduce an item of business at our annual meeting. Under these procedures, stockholders must submit the proposed nominee or item of business by delivering a notice addressed to our Secretary at our principal executive offices. We must receive notice as follows:

- Normally we must receive notice of a stockholder's intention to introduce a nomination or proposed item of business for an annual meeting not less than 90 days before the first anniversary of the date on which we first mailed our proxy statement to stockholders in connection with the previous year's annual meeting of stockholders. Accordingly, a stockholder who intends to submit a nomination or proposal for our 2016 annual meeting must do so no later than April 11, 2016.
- However, if we hold our 2016 annual meeting on a date that is not within 30 days before or after the anniversary date of our 2015 annual meeting, we must receive the notice no later than the close of business on the later of the 90th day prior to our 2016 annual meeting or the 10th day following the day on which public announcement of the date of such annual meeting is first made.
- A stockholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the stockholder's ownership of our common stock. Proposals or nominations not meeting these requirements will not be considered at our 2016 annual meeting.
- If a stockholder does not comply with the requirements of this advance notice provision, the proxies may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a stockholder.

To make any submission or to obtain additional information as to the proper form and content of submissions, stockholders should contact our Secretary in writing at 2355 West Chandler Boulevard, Chandler, Arizona 85224-6199.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement and annual report may have been sent to multiple stockholders in a stockholder's household. Additionally, you may have notified us that multiple stockholders share an address and thus you requested to receive only one copy of our proxy statement and annual report. While our proxy statement and 2015 Annual Report are available online (see "*Electronic Access to Proxy Statement and Annual Report*" on page 3), we will promptly deliver a separate copy of either document to any stockholder who contacts our investor relations department at 480-792-7761 or by mail addressed to Investor Relations, Microchip Technology Incorporated, 2355 West Chandler Boulevard, Chandler, Arizona 85224-6199, requesting such copies. If a stockholder is receiving multiple copies of our proxy statement and annual report at the stockholder's household and would like to receive a single copy of the proxy statement and annual report for a stockholder's household in the future, stockholders should contact their broker, or other nominee record holder to request mailing of a single copy of the proxy statement and annual report. Stockholders receiving multiple copies of these documents directly from us, and who would like to receive single copies in the future, should contact our investor relations department to make such a request.
